Background information

Human rights violations on a massive scale in El Salvador continue to be brought to the attention of Amnesty International. Amnesty International is aware that these violations have occurred at a time of escalating civil conflict between guerrilla groups and the Salvadorian authorities and is also aware of reports of human rights violations having been committed by non-governmental forces. However, there is a systematic pattern of human rights violations, including torture, "disappearances" and cold-blooded murder, being carried out by the Salvadorian security forces, and directed against people not involved in guerrilla activities. Testimonies received by Amnesty International implicate all branches of the Salvadorian security forces in gross abuses of human rights.

In a letter dated 6 May 1981 Amnesty International called on the United States Secretary of State, Alexander Haig, to take steps to ensure that the USA did not give El Salvador's government military aid which would be used for murder, torture and other abuses. The letter cited case after case of abduction, murder and torture by troops and police of non-violent opponents, human rights workers, priests, teachers, students, journalists, medical workers and others.

**RECOMMENDED ACTION:**

*A limited number of appeals is requested. Urgent Action coordinators are asked to organize about half the number of appeals which would normally be sent.*

Telegrams/express letters expressing concern about the abductions of these people and urging the authorities to do everything possible to ensure their physical safety. Please request an explanation of their abduction and urge that they be released immediately unless charged and brought before a court of law.
